SESSION ON STORAGE AND DATABASES IN AWS

SEPTEMBER 12, 2023

FELICITATION CEREMONY

📍 : S-508 IT-Building, MIT ADT University

📅 : 12th September

🕒 : 11 AM

On 12th September, a highly informative session on **Storage and Databases in AWS** was conducted by the AWS Cloud Club of MIT School Of Computing, MIT ADT University for the students of Second and Third Year.

This hands on session was graced by the presence of **Mr. Santosh Mamil**, who serves as one of the AWS Cloud Architect in Wipro. The primary goal of the event was to learn, to set up and manage AWS services like S3, EFS, RDS, DynamoDB, DAX.

Introduction of the speaker by Gurbani.

Prof. Dr. Rajani Sajjan Ma'am Felicitating Mr. Santosh Mamil Sir

Adding honor and prestige to the session, **Prof. Dr Rajani Sajjan Ma'am**, our club's Faculty Coordinator, AWS educator and associate professor at MIT ADT University and faculty Coordinator of the AWS Cloud Club uplifted the session by felicitating the speaker of the day.

Dr. Rajani Sajjan Ma'am expressed her appreciation for his knowledge and thanked him for taking the time to share his knowledge and experience in AWS with the keen-to-learn students at MIT ADT University.

Dr. Rajani Sajjan ma'am, the faculty Coordinator of AWS Cloud Club greeted the speaker and emphasized the academic as well as practical relevance of the topic to the students. She also encouraged the students to participate actively in what promised to be an interactive and enlightening learning experience through hands-on session.

She ensured that the students would be motivated throughout the session and encouraged them to interact with the speaker.

DR. RAJANI SAJJAN MA'AM AND SANKALP PARANJPE HONOURED THE SPEAKER AND THE SESSION.

Sankalp Paranjpe, President of AWS Cloud Club MIT-ADTU and AWS Cloud Captain, took the stage after Ma'am, emphasizing sir's expertise and the significance of the session.

He highlighted the key points that were to be covered during the session. He established an interactive environment among the attendees and announced the commencement of the session.

INTRODUCING OUR ESTEEMED SPEAKER
~MR. SANTOSH MAMIL~
(AWS CLOUD ARCHITECT, WIPRO)

Santosh Mamil Sir, Speaker of our "Storage and Databases in AWS" Session, a distinguished AWS Cloud Architect from Wipro Pvt. Ltd. He is 6x AWS Certified, 3x Azure certified, and 1x Terraform certified. Beyond his remarkable certification portfolio, he possesses an extensive 14+ years of experience within the IT Industry.

His active involvement as a member of the AWS Community in Pune demonstrates his commitment to knowledge sharing and community building. His dedication to knowledge sharing and collaboration within the AWS community has helped elevate Pune's tech ecosystem. His illustrious career is marked by outstanding industry experience and active community participation. His remarkable qualifications and contributions make him a distinguished figure in the field of cloud computing, offering valuable insights and guidance to those who engage with him.

DELVING INTO THE PRACTICAL: KEY TAKEAWAYS FROM THE SESSION

Santosh Mamil Sir practically assisting our learners in their hands on hour.

PARTICIPANTS ACQUIRED INFORMATION ON THE FOLLOWING SERVICES RELATED TO STORAGE AND DATABASES IN AWS:

- Introduction to Amazon Simple Storage Service (S3)
- Storage Classes
- Amazon EFS (Architecture, Benefits, and Security)
- Amazon Elastic Block Store (EBS)
- Introduction and Architecture of AWS Backup
- AWS Storage Gateway (Features and Components, Use cases, Benefits)
- Amazon FSx
- Amazon Simple Storage Service (S3) Glacier
- Amazon RDS (Relational Database Service)
- Amazon DynamoDB
- DAX
- Amazon DocumentDB (With MongoDB)

A memorable moment was captured with Rajani Sajjan ma'am and Santosh Mamil Sir as they gathered for a group photograph with our team President Sankalp and our university's keen learners.

The Session was concluded by our co-host of the day- **Sanika Kotgire** who appreciated sir for his time and determination throughout the session. She also thanked the team for their efforts and the audience for being so attentive throughout.

After the session, Rajani Sajjan ma'am and Santosh Mamil sir posed for a few pictures with our talented AWS certified team.
